Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food, to ask that the agency's current policies be changed, and to support all the points in docket #00P-1211/CP1 2000

Mall GE Foods should be labeled so I am informed and have a choice.

GE Foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing

There should be a moratorium on GE Foods until long-term studies show they are safe for human health and the environment. Commissioner Jaine Henney Docket No. 00P-1211/CPT 20 FDA Dockets Management Branch (HFA-305)5630 Fishers Lane, Room 1061

(Additional Personal Comments:) I REALLY BELIEVE WE AS SOCIETY SHOULD PROCEED MORE CAUTI TOWARD GENETIC
